

"MARS" DIAMOND HOLE CUTTER

NO. S 58-4 "MARS" VACUUM BRAZED DIAMOND CORE BIT FOR MARBLE AND GRANITE

The standard speed for "MARS" VHS Vacuum brazed diamond core drill for drilling marble and porcelain is 2000-25000 r.p.m., it should be used with water. To prevent wear and tear, it is advisable to drill one hole within one minute, if drilling several holes within one minute, it will bring high temperature and causes the diamond to be wear off easily.

Hex shank

Size 5 ~ 14mm without centre drill

Size 16 ~ 115mm with centre drill

Item No.	Diameter (mm)	Hex Shank (mm)	Flute Lgth (mm)	Price (pc)
