

## NO. S 206-2 DEWALT 280W 5" 125MM ORBITAL SANDER DWE6423

**DWE6423**

The 5 in. Variable-Speed Random Orbit Sander comes with a hook-and-loop pad to make changing sanding sheets simple. This random orbit sander has a powerful 3-Amp motor that delivers between 8,000 and 12,000 OPM. The separate counterweight reduces vibration while the rubber overmold grip provides comfortable sanding. A low-profile design allows users to get closer to the worksurface and the one-handed locking dust bag attaches securely to the sander to aid in dust collection, or the user can attach the sander directly to the DWV010 or DWV012 dust collectors.
